

The 6th World Education Congress of Chinese Medicine

The First Notice

With the changes of people's view regarding their own health and development of the concept of medicine, World Health Organization (WHO) proposed the development goal of "Health for All" to impress the general public with the idea of health promotion. It is under this circumstance that the global education of Chinese medicine embraces a promising future.

Organized by the World Federation of Chinese Medicine Societies (WFCMS), and hosted by the Educational Instruction Committee (EIC) of WFCMS and China-Swiss TCM Centre and Swiss TCM Academy, and cohosted by China Press of Traditional Chinese Medicine, the 6th World Education Congress of Chinese Medicine will be held from 15th to 22nd August 2020 in Switzerland and Germany. At the same time, the World Congress of Real World Research on Traditional Chinese Medicine will be held by Real World Research Committee of WFCMS. The conference will focus on the theme of "Inheriting the Essence, Keeping up with Innovation, Cultivating Chinese Medicine Talents" which will serve as a platform for experts and scholars worldwide to exchange and share the related research results in the field of Chinese medical education, real world research, and TCM health maintenance.
